

Calderdale and Kirklees Single Point of Access

Getting to the right mental health services in a timely way

**Wednesday 6 November 2019 from 10:30am – 1pm
The Elsie Whiteley Innovation Centre
Hopwood Lane
Halifax
HX1 5ER**

We've heard that the current system of accessing mental health services doesn't always work as well as it could and it can take time for people to get to the right place.

In partnership with Healthwatch Kirklees we've been speaking with service users, carers, and our community partners and looking at good practice to improve the way that people access mental health services.

Come along to our session to hear our plans and share your thoughts about the changes to our Single Point of Access in Calderdale and Kirklees.

Book a place by calling 07775 552822 or emailing Engagement-ICT@swyt.nhs.uk

Refreshments will be provided 10am.
